

CONTEXT PLAN

MONTVIEW OVAL

INDICATIVE BUILDING FLOORPLAN

PROJECT DESCRIPTION

Council is proposing to undertake improvements to the toilet and amenities at Montview Park, Hornsby Heights.

The proposed upgrades will be jointly funded by the NSW Government Female Friendly Facilities Grant in association with Hornsby Shire Council.

- The key elements of the project include
- Improved toilet facilities for sportsground users and the general community, including accessible toilet facilities
 - Improved change rooms facilities to cater for the increase in sport participation
 - Improved storage for the users of Montview Oval

- The proposed location for the facilities has been based on
- Safety by design considerations. This includes access to toilets being available from the oval rather than through the car park
 - Proximity to neighbouring properties
 - Location of existing services

The project will involve the removal of the small playground equipment adjacent to the amenities building as well as three trees. Alternate playground equipment is available within Montview Oval in the North West corner of the park and up to 10 replacement trees will be planted on site in suitable locations.

HAVE YOUR SAY

Written comments/submissions are invited. Have your say in three ways:

- Visit <https://yoursay.hornsby.nsw.gov.au/>
- Email hsc@hornsby.nsw.gov.au
- Write to the General Manager, Hornsby Shire Council, PO Box 37, Hornsby 1630

Exhibition closes:
Close of business Wednesday 27 March 2024.
